Lending a Helping Hand When you Need it Most

Soaring to Provide the Best Quality of Care with Humility

Blue Dove Home Health Services was established to provide extraordinary care to our most vulnerable populations.

Our staff has more than 25 years of healthcare experience. We employ top-notch nurses, physical, occupational, and speech therapists, home health aides, companion aides, and social workers who are compassionate about their work and the lives that are entrusted to them.

We are passionate about delivering the kind of services seniors and disabled clients depend on.

Our goal is to ensure safety and to provide quality care to our clients.

OUR COMMITMENT COMES FROM THE HEART

We are committed to serving a culturally diverse community by providing timely and professional home health care with restorative and supportive services in the comfortable setting of the individual's home. At Blue Dove, our clients feel valued, respected, and loved in familiar surroundings.

Blue Dove cares about the emotional and physical needs of those who entrust their care with us. It brings us great satisfaction when our clients are happy and vibrantly living life to their fullest with dignity and in the comfort of their own home. We care deeply about our clients and work with family members to ensure special needs are taken care of without delay.

Caring for your loved ones in the comfort of their homes.

We accept Medicare, a host of other insurances and Private Pay.

MEDICARE ELIGIBILITY

For patients covered by Medicare, there are several requirements that must be met in order to qualify for home health care:

- Your doctor must decide that you need medical care at home and make a plan for your care at home.
- You must need intermittent skilled nursing care, physical therapy, speech-language therapy or continuation of occupational therapy.
- You must be restricted in your ability to leave home and your homebound status must be certified by a physician.

MEDICARE WILL COVER THE FOLLOWING TYPES OF HOME HEALTH CARE:

- Skilled Nursing
- Home Health Aide
- Physical, Occupational and Speech Therapy
- Medical social services to help you with social and emotional concerns related to your illness. This might include counseling or help in finding resources in your community certain medical supplies, like wound dressings (but not prescription drugs)
- Durable medical equipment like a wheelchair or walker
